

AES Indiana Summer Internship Program 2024

Description

AES Indiana is excited to announce its Summer Internship Program for 2024. This program provides a unique opportunity for students to gain hands-on experience in the energy industry, contribute to meaningful projects, and work alongside industry professionals. Join us for a rewarding summer where you can develop your skills and make a positive impact on the future of energy.

Responsibilities

- Collaborate with cross-functional teams to support various projects and initiatives.
- Assist in data collection, analysis, and reporting related to energy operations.
- Contribute to the planning and execution of energy efficiency programs.
- Engage in research and development of sustainable energy solutions.
- Participate in team meetings, workshops, and training sessions.

Qualifications

- Currently enrolled as a full-time undergraduate or graduate student.
- Pursuing a degree in a relevant field such as Engineering, Environmental Science, Business, or a related discipline.
- Strong academic standing with a minimum GPA of 3.0.

Experience

- Previous coursework or experience related to the energy industry is advantageous but not mandatory.
- Familiarity with energy efficiency concepts and sustainable practices is a plus.

Skills

- Strong analytical and problem-solving skills.
- Excellent communication and interpersonal skills.
- Ability to work collaboratively in a team environment.
- Proficient in Microsoft Office suite (Word, Excel, PowerPoint).
- Adaptability and a proactive approach to learning.

Job Benefits

- Gain practical experience in the dynamic and evolving field of energy.
- Networking opportunities with professionals in the energy industry.
- Exposure to real-world projects and challenges.
- Mentorship and guidance from experienced professionals.
- Potential for future employment opportunities within AES Indiana.
